

LET'S GET PRACTICAL

Legacy of Lifestyle

Determining Your Lifestyle

The Lord has entrusted you with resources to accomplish His purposes. Part of this purpose is to fund your lifestyle.

The most important thing to remember when considering your lifestyle is that God is the owner of all you have. He has placed you as steward of these assets. Your lifestyle should be determined not so much by what you can afford but by a conviction that God is pleased with it.

It is also crucial for you (and your spouse if you are married) to think carefully through these issues, because many adopt a costly standard of living without evaluating the impact it has on their time and their ability to fund the work of God.

1. Describe the lifestyle you (and your spouse if you are married) sense the Lord wants for you in these areas.

Housing

Transportation

Clothing & Jewelry

Food & Beverage

Recreation & Entertainment

Travel

Collectibles (antiques, art, etc.)

Other Lifestyle Issues

2. How does the lifestyle you described differ from your current lifestyle?

3. Do you sense the Lord would have you live more simply or live on less? If so, describe the changes you believe appropriate.

4. Describe how you will go about implementing the necessary changes.

5. What will you apply next week from what you learned in this chapter?
